Qualifications

Hong Kong University of Science and Technology: BSc in Discrete Mathematics (2013–2016)

Vetted Tutor 

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 7 years, I have tutored A-Level Further Maths and IB Mathematics HL students, helping them confidently tackle advanced topics like matrices, differential equations, and number theory. My experience includes preparing students for university entrance exams, particularly STEP and other competitive assessments.

In addition, I've supported students working on advanced problem sets, focusing on building strong mathematical reasoning. Many of my students have gone on to study mathematics and engineering at top universities worldwide, achieving A* grades and gaining confidence in complex topics.
