## Tutoring Experience

Over the past four years, I have worked with students from diverse academic backgrounds, guiding them through A-Level, IGCSE, and IB Chemistry. My experience includes assisting students in mastering core topics like reaction mechanisms, organic synthesis, and thermodynamics. I have also prepared students for practical assessments and written exams, helping them achieve their target grades.

Many of my students have excelled in competitive international curricula, with some securing placements in top universities globally. I am passionate about sharing my expertise and fostering a solid understanding of chemistry to support my students' academic and professional goals.
